

Westinghouse Renewal Parts

WESCO
DISTRIBUTION™

WESCO Distribution Your One Source Solution for Westinghouse Renewal Parts

WESCO's heritage extends back to 1922 when we were formed with the purpose of selling and distributing Westinghouse manufactured products. WESCO, in all likelihood, was the original source of your current Westinghouse installed base.

While Westinghouse has refocused its business and sold off many of its electrical manufacturing businesses, the expertise and specific equipment knowledge is still part of our business at WESCO today. We are proud of our Westinghouse heritage.

WESCO has recently formed a Renewal Parts Branch to serve as a knowledge and sourcing centre for Westinghouse renewal parts. We want to ensure that you keep your equipment up and running safely and efficiently. Call your local WESCO branch with your Westinghouse sourcing problems and we will rise to the challenge.

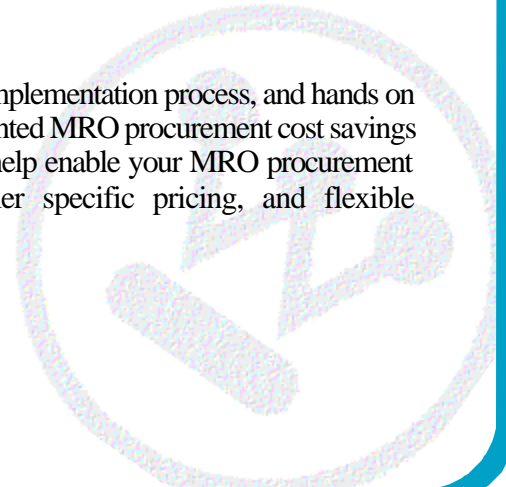

WESCO Distribution Delivers Solutions

WESCO delivers with distribution solutions that improve your profitability. Whether you need to reduce your MRO procurement costs through a customized supply chain solution, or require just-in-time distribution logistics on a large construction project, WESCO is there. We also provide outstanding technical support and dependable local product availability for Canada's leading brands of electrical, industrial automation and data communication products.

WESCO Distribution services construction, industrial, commercial, institutional, government, and datacomm markets through 50 full service branches and over 700 employees coast to coast.

Reduced MRO Procurement Costs

WESCO's specialized supply chain programs, proven implementation process, and hands on customer support have generated over \$85M in documented MRO procurement cost savings for many of North America's leading companies. We help enable your MRO procurement operation with custom on-line catalogues, customer specific pricing, and flexible e-commerce connectivity options.

Extend the life of your Westinghouse equipment! Don't look around forever. One call to W&S&C does it. We provide expertise for the following components:

Arresters, surge
 Autostarters
 Brakes: Type TM
 Capacitors
 Capacitor Fuses
 Circuit Breakers (Air) Types DA,DR, DH & selected parts DB, Dh-P,DS
 Circuit Breakers (Gas and Oil) Types B, BR, F122, SP
 Contactors: Type A/200, D-Dn, DPM, GP-GPD, H, M, MD, NR, NF, NFD, WC201, LF, Ampgard II, Ampard III
 Drum Controllers
 Electronic Components: tubes, diodes, SCRs, thyristors, rectifiers
 Fuses: Power
 Fuse Cutouts
 Gearmotors and Speed Reducers
 Hagan Control
 Interlocks: Type L
 Linotrol Tracing System

Linestarters: Type A/200,Type N Class 11-200
 Oil Switches: Types CSL/CSR/CSD
 Power Electronic Drive Systems
 Protective Relays
 Reclosers: Type ES,ESM,ESV
 Recording charts
 Relays: Industrial, control, synchronizing
 Robonic: control (frequency) relay, voltage sensing relays
 Shunts: Portable & Switchboard Instruments
 Sturtevant Precipitron, Air Handling
 Switches: Master, Limit, Knife, Flexitest, RC Changeover Switch for Ampgard
 Transformers, Control
 Transformers: P.T.s & C.T.s
 Transformers, Power: Temperature monitors, Gas Detector Relays, Silica Gel Breathers, Diaphragm & Gasket Ass'y
 Vacuum Circuit Breakers: Type R, Type V, 144V250

Ac Magnetic Contactor Size 6
