

WESCO delivers

AUTOMATION SOLUTIONS

WESCO's automation specialists provide expert technical assistance from preliminary design to operation. You can rely on WESCO for a wide product offering, local availability, and unbiased product advice.

WESCO
DISTRIBUTIONSM

Your Objectives

- Reduced Downtime
- Increased Throughput
- Tighter Process Control
- Reduced Waste
- Improved Safety
- Lower Maintenance Costs
- Clean Reliable Power
- Energy Efficiency
- Employee Training
- Productivity

We service discrete manufacturing and industrial process applications as well as OEM's, system integrators and specifiers through 50 branches across Canada.

WESCO Technical Support

- Expert product assistance from concept through to operation
- Support for a wide assortment of leading products and manufacturers
- Design support and project cost estimation
- Product availability from your local branch
- Installation and after sales service
- Product application training
- Communication support for multiple industrial protocols

WESCO provides everything you need for industrial automation, process control and motor control applications. Look to WESCO to fill your complete bill of materials for a project or for plant maintenance and operations.

Application Support

- Drive commissioning and start-up services
- End to end support for industrial ethernet implementation
- Open scalable hardware and software technology
- Motor control solutions for every possible application
- Power quality and energy management support
- Vision systems and sensing applications
- Data acquisition and SCADA system support

Safety Solutions

- Arc flash studies
- Machine guarding
- Safety Audits
- Low voltage control

Why WESCO?

- Local specialists provide expert technical assistance from preliminary design to operations
- Our wide product offering lets you access the best solution for your application
- Local product availability and support
- Installation and after sales service

Creative Logistics Solutions

Challenge us with your supply chain issues and we will rise to the occasion. WESCO delivers:

- A wide assortment of programs for inventory control. From Kanban systems, to kitting services
- A complete suite of e-commerce tools to establish a seamless supply chain relationship
- A world class distribution infrastructure to ensure stocking support and reliable deliveries
- A full repair service for all makes of servo motors, valves and electronics
- A local branch with the can-do attitude to exceed your expectations
